Profile

Certified nursing experience with 12 years of experience working in busy medical/surgical and intensive care units. Extensive experience caring for unconscious and critically ill patients. Excellent communication skills and a reputation for delivering excellent care with compassion.

Professional Experience

Certified Nursing Assistant, Emory Healthcare, Atlanta, GA

April 2014 - Present

- Assist patients in the surgical intensive care unit with grooming and other activities, including bathing, mouth care, foot care and eating
- Maintain a clean environment and reduce the risk of infection by changing bed linens, wiping down surfaces and using universal precautions when handling specimens
- Turn and reposition patients to enhance their comfort and reduce the risk of bed sores

Certified Nursing Assistant, Select Specialty Hospital, Atlanta, GA

June 2010 - April 2014

- Provided excellent personal care to patients undergoing hemodialysis and other treatments for chronic renal failure
- Measured patient vital signs and recorded the information in an EMR system
- Monitored patients on restricted fluid intake for edema and other signs of fluid retention

Certified Nursing Assistant, Piedmont Atlanta Hospital, Atlanta, GA

July 2008 - June 2010

- Answered questions and documented patients' health concerns in the electronic medical record system
- Assisted patients with eating, drinking, ambulating and grooming activities
- Prepared patients for medical procedures by positioning them correctly and explaining what to expect
