Dear Ms. Larson,

My impact as a school counselor intern is just a sampling of what I can bring to a high school in the Flint, MI area. Now that I have completed my Master of Arts in Counseling and attained my NT license, I am well-equipped and eager to join your staff as a High School Counselor.

I have experienced firsthand how genuine care and guidance can change young lives, and I have dedicated my life to providing that in my community. During my internship at Alma High School, I applied my education, communication skills, and compassion to offer effective counseling to youth from diverse and often challenging backgrounds. I was privileged to help:

- Two potential dropouts graduate and get accepted into Gratiot Technical Education
- Three students begin drug rehab treatment
- One student apply for and win academic and minority scholarships to pursue an engineering degree at Wayne State University

I am eager to share how I can help you influence our youth to reach their full potential. Please contact me to set up an interview at any time. I look forward to hearing from you soon.

Yours truly,

Michael Wisdom

P.S. During our interview, I'd be happy to tell you about my volunteer work with the Genesee County Youth Corporation.
